The Superintendent is directed to establish and maintain an orderly plan for preserving and making accessible the policies adopted by the Board and the rules and regulations required putting them into effect.

Accessibility is to extend at least to all employees of the school system, to members of the Board, and insofar as conveniently possible, to all persons in the district.

The Board's policy manual will be considered a public record and will be open for inspection at the public library, at all school libraries, on the internet, and at the school district administrative offices during regular office hours.
