ADMINISTRATIVE ASSIGNMENTS

Adopted: 10/27/99

Policy No. 4-221*

The Board believes that the challenge which comes from the endeavors and environs of a new assignment is one way by which organizational and professional growth can be achieved. Personnel who hold administrative assignments should regularly examine opportunities for new assignments and pursue transfers within the same or different administrative areas. This could occur whenever a vacancy exists for which an individual is qualified and certified.

All administrative assignments shall be made by the Superintendent.
