Adopted: 2/9/2000

Policy No. 7-124

Page 1 of 1

The Board directs that report cards be issued to all students after each marking period. In addition, an interim report must be issued to all students during the mid-point of each quarter or marking period of the academic year. The interim report, which not as comprehensive as a report card, is to indicate whether a student is passing or in danger of failing.

It shall be the responsibility of the Superintendent or designee to develop report cards and interim report forms appropriate for each grade level.
